

PRACTITIONER (P2P)

OVERVIEW

The Practitioner is the second of the two PRINCE2™ certification programmes you are required to pass to become a Registered PRINCE2™ Practitioner. This level is aiming to measure whether a candidate would be able to apply PRINCE2™ to the running and managing of a project within an environment supporting PRINCE2™. To this end candidates need to exhibit the competence required for the Foundation qualification, and show that they can apply and tune PRINCE2™ to address the needs and problems of a specific project scenario.
